ABOUT US

After the roaring success of BPS, Kota, Bansal Public School in Pratap Nagar, Jaipur was set up in 2013. It was formerly known as JVP International School. Under the mentorship and guidance of our mentor Mr. Pramod Kumar Bansal, we intend to give a holistic education keeping a strong focus on fundamentals and core values. With a people-centric and student-centric approach we have made a system where our students and teachers, in addition to the curriculum, take multiple initiatives from internal activities like advance language communications to external tie ups like Scouts & Guides, Drama, Arts Academy, and Life Coaching.

The campus infrastructure, education policies, pedagogies, systems, procedures, rules and regulations are designed with over 37 years of experience of our promoters in the education sector.

VISION

Grow Beyond Academic Excellence

To provide a supportive environment of learning where our students are emotionally, mentally, physically balanced and are excited to learn, engage and participate in all academic, co-curricular and extra-curricular activities. They embrace all opportunities during school life and excel in their respective fields.

MISSION

The Mission of our school is to give our children a platform where they can realise their true potential. We understand that every child is unique and we wish to facilitate, motivate our children so they become successful in different fields. We are committed to be adaptable and flexible in our way of teaching and learning so that we can change according to the changing times. All aspects of our academics, curricular and co-curricular activities are focused on children and to enhance their Knowledge, Information, Aptitude, Skills and Attitude so they become happy and successful in life.

Pramod K. Bansal
Chief Mentor & Director

Dear Parents/Guardians,

First of all, I would like to extend a hearty welcome to everyone who has shown interest in Bansal Public School. True education lies in enriching every child to reach her/his maximum potential. We lay foundation of strong values along with developing problem solving skills which is must for a sustainable growth. At BPS, we enable children to explore their hidden potential by exposing them to diverse opportunities. We teach them to be confident, creative and independent. We believe that education is the tool which alone can inculcate national and cultural values.

We have digital classes to enhance learning. We believe that education mainly begins at home where parents play an active role by developing the willingness among the children to study and learn. So parents should understand the priority of their children and their dreams.

Our school will enable students to gain the highest qualifications to acquire life-long learning skills and prepare them as global citizens. Through our curriculum, we aspire to strengthen the friendly, ethical and cultural development of our students and to equip them for future responsibilities. With each academic session we are growing from strength to strength and continuously aspiring for excellence and success in all our endeavours.

I look forward to your long, happy and productive association with our institution.

Dr. Richa Bansal
Director

“The ignited soul is more powerful than any force on the earth.”

Education, for us, is much more than just finishing the curriculum. We firmly believe in grooming our children with the right values, ethics and attitude, thereby assuring that they grow into responsible, competent, honest, humane enterprising, perceptive and emotionally strong individuals of tomorrow.

We aim to empower our children with experiential learning, and a creative and innovative spirit and arm them not only with academic aptitude but also with life literacy skills to adapt and unearth the opportunities in the ever-evolving world. We believe and have experienced all these years that, to achieve this, a happy learning experience is a necessary prelude. Hence, every day we endeavour to make teaching and learning enjoyable and purposeful. We are staunch believers of the thought that “There is a bright child in every child.” Our dedicated and caring educators teach our children not just with their minds but also with their hearts, making learning enjoyable, purposeful, inclusive and shaping them to be emotionally intelligent.

Gaurav Bansal
Director

For us, Education is ...

more than the curriculum, as we firmly believe in grooming our children with right values, the right ethics and the right attitude thereby ensuring that they are responsible, competent, honest, humane, enterprising, perceptive and emotionally strong individuals of tomorrow. Yes, we encourage our students to be academically sound and enthusiastic, however at the same time we motivate them to be involved in as many activities as possible, be it sports or co-curricular activities as participation helps them to discover and unleash their talents, build team spirit and initiate leadership skills. Parents have wholeheartedly co-operated & supported us to fulfill our mission & motto, where on one hand the faculty frequently interact with the parents and on the other, our teachers never cease to extend their hands beyond the realms of the classroom, bonding naturally with the students.

Atul Kulshreshtha
CEO

your support, our confident team will surely set high standards in the field of education in the times to come. The students at Bansal Public School will experience the joy of discovery, rather than just be quantities measured by numerical scores or letters of the alphabet.

“ A man who has never made any mistake is someone who has never tried anything new in life. ”

We believe that a child's education is a shared process where home and school work in a partnership for the mutual benefit of the child. In my earnest attempt to delineate the prospects that your child would have at our institution, it becomes my prime responsibility to put to you the ideology and conviction inherent in the foundation of Bansal Public School. An extract from one saying “.... your children are not your children. They are the sons and daughters of life's longing for itself... you are the bows, from which your children as living arrows are sent forth” . With

Sunita Puri
Principal

“ Do not train a child to learn by force or harshness; but direct them to it by what amuses their minds, so that you may be better able to discover with accuracy the peculiar bent of the genius of each. ”

World is changing at an unprecedented speed. The global challenges and the pandemic trail of today requires strong and well-developed competence for innovation, creativity, problem-solving, collaborative, open-minded and tolerant individuals, so as to, live in diverse settings. Bansal Public School not only imparts high academic standards and teachings but here students are also exposed to a wide spectrum of curricular and co-curricular activities that groom their personality exponentially.

Bansal Public School provides a platform for the cognitive, affective and psycho-motor development of students who are rapidly changing physically, socially, intellectually and emotionally. Our excellent staff and learning environment is prepared to meet the challenges of ensuring success during the child's early adolescent years.

Children do not have equal talents, but at Bansal Public School, each child has an equal opportunity to develop his/her talent. Every child is unique and has his/her own learning style, set of multiple intelligences, IQ, and EQ levels. The school strives to provide a cohesive and progressive learning environment so that each child gets encouraged to strive for knowledge par excellence and achieves a multidimensional uplift in his life.

My clarion call to all parents is to get involved by staying in contact with the school and in particular your child's teacher. We will ensure to keep you aware of your child's progress and will answer all queries or concerns you have. Let us come together and aspire to make this academic year, a remarkable one by involving, learning, and sharing as much as we can. I am confident that through a collaborative effort of everyone associated with Bansal Public School, Jaipur, we will provide a holistic approach to empower and enrich our children to meet challenges of life with enhanced life skills education so that they may grow into global citizens.

HOLISTIC EDUCATION

Among the key strengths of the BPS education system much emphasis is laid on broad-based and holistic learning, focus on teacher quality and integration of information into learning. We also believe that our school works closely with the parents and the community.

PLAY ZONE (Indoor)

Play Zone for kids at Bansal Public School, makes learning a joyful experience for students. At the play zone a child learns the skills of negotiation, problem solving, sharing, and working within groups. Children practice decision making skills, move at their own pace and discover their own interests during play.

Play zone is the most iconic and happening place of our Kindergarten Wing where children develop physically, mentally, socially and emotionally.

SUNSHINE POOL

At Bansal Public School, we have a Swimming Pool of International standards, which is immensely popular amongst learners of all age groups. Safety of the children is ensured under the supervision of trained staff to make it an enjoyable experience. School, also has life guards and options for professional swimming is also available on request, size of the pool is 25'x52' and depth of the pool is 2.5' to 5'.

SUNRISE AUDITORIUM

Sunrise Auditorium, the latest addition to our infrastructure has become the perfect venue for any event. The auditorium has a large stage with all the modern equipments attached to it, making it an architect's delight. The comfortable auditorium is extensively used not only for students to showcase their talents but also for wonderful workshops, for talks given by skilled speakers, for various celebrations which are held from time to time. It has the capacity to house 700 people at a time. The electrifying sound system, acoustics and the air condition system adds to the ambience of the auditorium.

KINDERGARTEN

Play Group | Nursery | LKG | UKG

We believe that maximum learning takes place in the first seven years of a child's life, therefore children deserve to get the best learning exposure at the pre-school level. Since young children have an inbuilt curiosity to explore, the learning skills are introduced not through drill, but through fun and exciting activities. For every theme, related activities are planned like songs, stories, rhymes and art & craft. Frequent competitions are also incorporated in their learning process. All major festivals are celebrated with great fun. Besides all these, garden walks, films, magic shows and puppet shows form an intrinsic part of the school curriculum.

PRIMARY WING

Class I to V

The primary school sets the foundation of academic education for senior classes. The confidence of students in language, mathematical ability, basic science is strengthened and the awareness of the world around them is improved. Their creativity, curiosity and sporting talent is encouraged through deliberated sessions. Many team based activities bring students together and individual activities help to develop confidence in themselves. The school aligns itself with the NCERT curriculum.

MIDDLE WING

Class VI to VIII

Middle school is embarking on a lifelong task of establishing personal identity and acquiring social skills. Academically, they are developing higher level thinking and reasoning skills, while, socially, peer group approval gains importance as they begin to develop their own values and make their own decisions. We offer our students a well-balanced programme that promotes physical activity and a healthy lifestyle, as well as exposure to the arts and a stimulating academic environment. Although our programme is challenging, we provide support to those who require it, ensuring that every body has the potential to be successful.

SECONDARY WING & SENIOR WING

Class IX to XII

Higher Education which serves as a bridge between middle and college education is expected to prepare young people between the age group 14 - 17 years in the world of work and entry into higher education.

The senior school programme at BPS has been planned and compiled, based on the structured, student centered and enquiry-based foundation laid during the primary years.

- Flexible, yet comprehensive curriculum with rigorous international standards.
- A unique approach to interdisciplinary learning using multiple instructional methods and teaching strategies.
- Community and global focus with an emphasis on intercultural understanding.

Subjects for classes XI & XII : Science, Commerce and Humanities

CLUBS AT SCHOOL

Joining a student club opens the door to build new friendships, enhancing your academic life, and exploring career opportunities. As an active member of a student club, you will learn important leadership and management skills as you participate in a variety of programs. This may include planning campus-wide academic, cultural, arts or social events, as well as working on various aspects of student publications, competing in athletic tournaments or debate competitions, attending leadership seminars, and organizing community service projects.

The integration of work and study as the key element at BPS. It opens door to enhance academic life and cultivates voluntaristic spirit.

Club activities give students practical training and gives opportunity to show their talent.

Service Before Self ...

The motto of our School is a vivid reflection of the mettle and dedication that goes into the making of a noble institution, with a noble mission.

It is a constant reminder that the school spirit always accords greater priority to the welfare of others over welfare of oneself. Service towards an enlightened path has always been the bedrock of our school's philosophy; which reflects a commitment to serve others willingly, graciously and selflessly. Our Institution contributes through sincere efforts to prepare the young pupils to become ideal citizens and hope of the nation.
